D25W & D16 Joint Banquet

On the night of Friday the 13th, many Key Clubbers from El Camino's home division, Division 25 West, arrived at Burbank to attend the end of the year Banquet held by the division to celebrate the achievements and accolades of its members over the past year. Key Clubbers from El Camino and other division schools met up and socialized under the sophisticated atmosphere of the night.

However, they were not alone, as members of Division 16 were also in attendance during the unique joint banquet. Memories and positivity was

shared between the attendees, and even awards and accolades were handed out to notable individuals and clubs. Most spirited, most devoted, and even member of the year, were some of the titles of accolades handed out during the banquet's ceremony, and each award was handed out by each division's

respective Lieutenant Governor, depending on the recipient's home division. Although the night was filled with happiness, it was also a solemn one as speeches were given and words captured the reality of finality as some attendees would no longer go to Key Club events due to their status as graduates.

Key Clubbers and the Color Run

On June 21st, Key Clubbers from El Camino Real and Taft were given the unique opportunity to lend a hand in the annual Color Run held at the Dodger's Stadium.

Although the act of coating marathon runners itself was done in the early afternoon,

Key Clubbers still remained on site to help clean up the area long after the runners had passed

This immersive experience had volunteers coated from

head to toe in a fine mist of blue. This end result is ultimately captured in the following pictures, from Division News Editor Andrew Phan, showing the event's aftermath.

OFFICER TRAINING CONFERENCE 2014

Although this picture implies that it was all fun and games, it was not, since a great deal of knowledge and information was shared. But, it had its share of fun and games, of course.

The 2014 Officer Training Conference was, like last year, held at Sierra Canyon High School. However, this time around, the conference was attended by both officers from Division 25 West and 25 East. This event is normally held annually with the purpose of educating and informing Key Club's officers in their respective roles and duties, as well as introducing them to the in-depth specifics of Key Club itself. Not only did each attendee learn more about their roles, they also were sure to gain a vivid memory of the lively nature of Key Club itself. In addition, the inclusion of Division 25 East officers served to strengthen ties and bonds between both sister divisions through continued communication and new friendships. These outcomes solidify the fact that this year's conference was a resounding success, both professionally and socially.

KEY CLUB

Paper Bags and a Hint of Personality

On June 14th, in the early hours of the morning, a handful of dedicated Key Clubbers woke up early to help make sack lunches for the homeless in a collaborative project with the Warner Center Kiwanis. This effort was an immense success, with nearly one hundred distinct sack lunches being crafted with hard work, determination, and teamwork. Pictured above right from left to right are Dominique Cavellier, Lauren Hom, Chris Gonzalez, Mattin Delavar, Sydney Jenkins, and Neda Fadaee. Special thanks to everyone who contributed to the project!

Upcoming Dates

July 7th

Division 25 West Shirt Design Due Date

July 19th

Region 7 Annual Beach Clean Up

Notice Board

Division Shirt Designs

All designs should be submitted by the July 7th deadline and at least include the division name, all division schools, the puffer fish and Cal-Nev-Ha logo, and include "Caring-Our way of life."

The ELIMINATE Project

Please remember that Key Club as a whole is still trying to raise money for the ELIMINATE project to prevent neonatal tetanus. As it stands, our division has not yet met its end goal, so please contribute!
